

Hello! My name is Danielle Goodwin. I have always wanted to be a nurse for as long as I can remember and love to get people excited about this profession. I am going into my senior year at Capital Health School of Nursing in Trenton, NJ where I am earning an Associates degree in Science & Diploma in Nursing. I am currently involved in my school's student government where I serve as the secretary of the senior class. I was also secretary of the freshman class in the previous year. My long term goals in nursing include earning a Masters degree in Nursing and eventually would like to become a Nurse Practitioner.

I am very honored to be able to serve as your Breakthrough to Nursing Director on the NJNS, Inc. board this year. At last year's convention I served as a delegate for my school and became very excited about NJNS and immediately wanted to be more involved. I am looking forward to this wonderful opportunity and the great year ahead!
