

The position I am holding this year for NJNS, Inc. is Membership/Nominations Director. When this position became available I was very excited and jumped at the chance to serve on the NJNS, Inc. executive board. I enjoy this aspect of nursing and by serving on this board I feel I can contribute more to the nursing profession. I love to be involved and I believe my enthusiasm will help me especially in this position. I want to encourage other students to become more involved in organizations to really benefit from what nursing has to offer.

Before nursing school I completed my Associate's degree in Liberal Arts at Middlesex County College. I am currently a senior at Charles E. Gregory SON. I serve as President of the SNO for CEG.

My mother is a nurse, who inspired me to become a nurse. I'm presently working as a PCT at Somerset Medical Center. Upon completing CEG, I am going to continue on to complete my Bachelor's Degree.
